

Department of Energy 2016 Summer Laboratory Internships

The Science Undergraduate Laboratory Internship (SULI) program encourages undergraduate students to pursue science, technology, engineering, and mathematics (STEM) careers by providing research experiences at the Department of Energy (DOE) laboratories. Selected students participate as interns appointed at one of [17 participating DOE laboratories/facilities](#). They perform research, under the guidance of laboratory staff scientists or engineers, on projects supporting the DOE mission.

The SULI program is sponsored and managed by the DOE Office of Science's, Office of Workforce Development for Teachers and Scientists (WDTS) in collaboration with the DOE laboratories/facilities.

Applications for the 2016 Summer Term of the Science Undergraduate Laboratory Internships Program are now open. Applications will be due **January 8, 2016 at 5:00pm ET**.

To learn more about the SULI program, and apply, visit: <http://science.energy.gov/wdts/suli/>

Benefits Include:

- Summer research interns spend 10 weeks at a DOE laboratory engaged in a research project under the guidance of a laboratory scientist or engineer.
- Host laboratories provide enrichment activities, including career professional development workshops (e.g. technical and scientific writing skills development, poster, or oral presentation activities, etc.), laboratory tours, scientific lectures and seminars.
- Host laboratories provide all required site specific training.
- Selected students receive a stipend of \$500 per week during the internship period.
- Selected students are reimbursed for one round trip domestic travel to the host laboratory up to a maximum of \$500.00 (if permanent address is more than 50 miles from the host laboratory).
- Housing information will be provided to interns prior to arrival at the host laboratory. In general, housing opportunities will vary from laboratory to laboratory. An allowance is available for participants placed at host laboratories that are unable to offer direct housing arrangements.

Eligibility for the SULI program requires that all applicants:

- Must be currently enrolled as a full-time undergraduate student at an accredited institution, and also have completed at least one year as a matriculating undergraduate student at the time of applying. Applicants who will complete their undergraduate degree prior to starting their internship may apply as a "Graduating Senior", if (1) the applicant has not yet started a program of graduate study and will not matriculate as a graduate student prior to completing the SULI term, and (2) the time period between receipt of an undergraduate degree and starting the SULI term is less than one year.
- Must have an undergraduate cumulative minimum Grade Point Average (GPA) of 3.0 on a 4.0 scale for all completed courses as a matriculating student.
- Must be 18 years or older at the time the internship begins.
- Must be a United States Citizen or Permanent Resident Alien at the time of applying.
